## **BOND REQUIREMENTS**

1. **BID BOND:** Each offeror shall submit with his Bid a Bid Bond with a good and sufficient surety or sureties company licensed in South Carolina, in the amount of five percent (5%) of the total Bid amount. The Bid bond penalty may be expressed in terms of a percentage of the Bid price or may be expressed in dollars and cents.

**CERTIFIED CHECKS:** If a certified check is submitted in lieu of a Bid bond, it will be made payable to the Lexington County Treasurer's Office, in the amount of 5% of the total Bid amount.

Bid Bonds/Certified Checks will be returned to the unsuccessful offerors after award and will be returned to the successful offeror after acceptance of the final contract by the offeror.

2. **PERFORMANCE AND PAYMENT SURETY:** The successful contractor shall pay the cost and furnish within ten days after written notice of acceptance of Bid, an irrevocable Surety in the form of a Performance and Payment Bond, Certificate of Deposit, Cashier's Check or irrevocable letter of credit. The Surety shall be issued in the amount of 100% of the total contract covering the entire term of the contract as awarded.

**OPTION 1: PERFORMANCE BOND:** Bond must be issued by a Surety Company licensed to do business in South Carolina, with an "A" minimum rating of performance as stated in the most current publication of "Best's Key Rating Guide, Property Liability" which shall show a financial strength rating of at least five (5) times the contract price. Each bond shall be accompanied by a Power of Attorney, authorizing the attorney-in-fact to bind the surety and certified to include the date of the bond.

**OPTION 2: A CERTIFIED CHECK:** Equal to 100% of the contract amount to be retained by Lexington County until satisfactory completion of the contract.

**OPTION 3: IRREVOCABLE LETTER OF CREDIT:** Shall be issued by a Financial Institution insured by the FDIC or FSLIC in the amount of 100% of contract amount.

**FAILURE TO SUBMIT A PROPER AND CORRECT BID GUARANTEE WILL RESULT IN THE REJECTION OF YOUR BID.**

## **INSTRUCTIONS TO BIDDERS**

1. Only one copy of bid invitation is required, unless otherwise stated.
2. Bids, amendments or withdrawal request must be received by the time advertised for bid openings to be timely filed. It is the vendor's sole responsibility to insure that these documents are received by the Procurement Office at the time indicated in the bid document.
3. Bidders name shall be on any specification or descriptive papers submitted with the bid invitation.
4. Submit your signed bid on the forms provided. Show bid number on envelope as instructed. Lexington County assumes no responsibility for unmarked or improperly marked envelopes. Unsigned bids will be rejected.
5. Bidders must clearly mark as "Confidential" each part of their bid which they consider to be proprietary information that could be exempt from disclosure under Section 30-4-4C Code of Laws of South Carolina, 1976, (1986 Cum Supp) Freedom of Information Act. The County reserves the right to determine whether this information should be exempt from disclosure and no legal action may be brought against the County or its agents for its determination in this regard.
6. By submission of a bid, you are guaranteeing that all goods and services meet the requirements of the solicitation during the contract period.
7. This solicitation does not commit the County of Lexington to award a contract, to pay any cost incurred in the preparation of the bid, or to procure or contract for goods or services listed herein.
8. **CORRECTION OF ERRORS ON THE BID FORM:** All prices and notations shall be printed in ink or typewritten. Errors should be crossed out, corrections entered and initialed by the person signing the bid. Erasures or use of typewriter correction fluid may be cause for rejection. No bid shall be altered or amended after specified time for opening.
9. **BIDDERS SCHEDULE:** Enter the manufacturer, brand, and model/catalog number, as applicable, and your bid price in the space provided on the bidder's schedule. Additional pages may be attached, when applicable, for alternates, etc.
10. **NOTIFICATION:** Intent to Award and/or Statement of Award will be posted on the Lexington County web site at [www.lex-co.com](http://www.lex-co.com).
11. **RIGHT TO PROTEST:** Any prospective bidder, offeror, or contractor, who is aggrieved in connection with the solicitation of a contract shall protest in writing to the Procurement Manager within ten (10) calendar days of the date of issuance of the Invitation to Bid, Requests for Proposals or other solicitation documents, whichever is applicable, or any amendment thereto, if the amendment is at issue. Any actual bidder, offeror, or contractor, who is aggrieved in connection with the intended award or award of a contract, shall protest in writing to the procurement manager within ten (10) calendar days of the notification of intent to award or statement of award.
12. **PROTEST PROCEDURE:** A protest shall be in writing, submitted to the procurement manager, and shall set forth the specific grounds of the protest with enough particularity to give notice of the issues to be decided.
13. **QUESTIONS REGARDING SPECIFICATIONS AND/OR THE BIDDING PROCESS:** To ensure fair consideration for all bidders, the County prohibits any type of communications to or with any department, employee, or County official during the solicitation process, except as provided on the "Invitation For

Bids” of the solicitation. This includes any communications initiated by a bidder to any County Official or employee evaluating or considering the bidder, prior to the time an award decision has been made public.

- A. Communications between the bidder and the County shall be initiated by the Procurement Office or the appropriate County representative in order to obtain necessary information or clarification needed to develop a proper and accurate evaluation of the bid. Any communications initiated by a bidder concerning the submitted bid shall be grounds for disqualifying the offending bidder from consideration for award of the bid and/or any future solicitations.
- B. It will be the sole responsibility of the bidder to contact the Procurement Office prior to submitting a bid to ascertain if any amendments or addendums have been issued in order to obtain all such documentation, and to return the executed documentation with their bid.
- C. Any question concerning this document, the specifications, or the bid process must be made in writing. These questions will be addressed at the Pre-Bid meeting or in a document after the Pre-Bid meeting. Verbal communication concerning the above items should be avoided.

## **GENERAL PROVISIONS**

1. The County of Lexington reserves the right to reject any and all bids, to cancel a solicitation, and to waive any technicality if deemed to be in the best interest of the County.
2. Unit prices will govern over extended prices unless otherwise stated in this bid invitation.
3. **PROHIBITION OF GRATUITIES:** Amended section 8-13-700 and 705 of the 1976 Code of Laws of South Carolina states: "Whoever gives or offers to any public official or public employee any compensation including a promise of future employment to influence his action, vote, opinion or judgment as a public official or public employee or such public official solicits or accepts such compensation to influence his action, vote, opinion or judgment shall be subject to the punishment as provided by Section 16-9- 210 and Section 16-9-220."
4. **BIDDERS QUALIFICATIONS:** Consideration will be given only to the contractors who can produce conclusive evidence that they can meet the following requirements:
  - A. Adequate capital and credit rating sufficient to complete all operations under this contract in a satisfactory manner.
  - B. An efficient office force with satisfactory record in expediting delivery of materials to field force, and capable of fulfilling proper liaison service with mechanical trade.
  - C. An adequate and efficient field force with extensive knowledge of all types of work involved under this contract.
  - D. A record of amicable relations with labor.
  - E. An adequate supply of applicable equipment in good operating condition to fulfill the contract.
5. **LICENSES, PERMITS, INSURANCE, & TAXES:** All costs for required licenses, permits, insurances and taxes shall be borne by the Contractor.
6. **INSURANCE:**
  - A. The amount and types of insurance required should be reasonably commensurate with the hazards and magnitude of the undertaking, but in no event of lesser amount nor more restrictive than the limits of liability and schedule of hazards below described. Without limiting its liability under the contract agreement, the Contractor shall procure and maintain, at its expense during the life of this contract, insurance of the types in the minimum amounts stated below:

### **SCHEDULE**

#### **WORKERS COMPENSATION**

As required by the State of South Carolina.

#### **COMPREHENSIVE GENERAL LIABILITY**

Premises Operations

Contractual Liability

Independent Contractors

Personal Injury

Products - Completed Operations

#### **AUTOMOBILE LIABILITY**

All Owned, Non-Owned, and Hired

### **LIMIT**

Statutory

\$1,000,000 Single Limit

\$ 100,000 Combined

- B. The Contractor's comprehensive general liability policy shall also include blanket contractual liability coverage or shall be endorsed to cover the liability assumed by the Contractor. Said insurance shall be written by a company or companies approved to do business in the State of South Carolina and acceptable to the County. Before commencing any work hereunder, certificates evidencing the maintenance of said insurance shall be furnished to the County of Lexington. The County of Lexington, its officials, employees and volunteers are to be covered as

insured's as respects: liability arising out of activities performed by or on behalf of the Contractor, including the insured's general supervision of the contract; products and completed operations of the Contractor; premises owned, occupied or used by the Contractor; or automobiles owned, leased, hired or borrowed by the Contractor. The coverage shall contain no special limitations on the scope of protection afforded to the County of Lexington, its officials, employees or volunteers. To accomplish this objective, the County of Lexington shall be named as an additional insured under the Contractor's insurance as outlined above.

- C. The Contractor shall take out and maintain, during the life of this contract, the statutory Workmen's Compensation and Employer's Liability Insurance for all of his employees to be engaged in work on the project under this contract, and in case any such work is sublet, the Contractor shall require the subcontractor similarly to provide Workmen's Compensation and Employer's Liability Insurance for all of the latter's employees to be engaged in such work.
- D. Contractors insurance coverage shall be primary insurance as respects the County of Lexington, its officials, employees and volunteers. Any insurance or self-insurance maintained by the County of Lexington shall be in excess of the Contractor's insurance and shall not be required to contribute. To accomplish this objective, the following wording should be incorporated in the previously referenced additional insured endorsement:

*Other Insurance:* This insurance is primary, and our obligations are not affected by any other insurance carried by the additional insured whether primary, excess, contingent or on another basis.

- E. Each insurance required by the County of Lexington shall be endorsed to state that coverage shall not be suspended, voided, canceled by either party, reduced in coverage or in limits except after thirty (30) days prior written notice by certified mail, return receipt requested, has been given to the County of Lexington.
  - F. Contractor shall include all subcontractors as insured under its policies or shall furnish separate certificates and endorsements for each subcontractor. All coverage for subcontractors shall be subject to all the requirements stated herein.
  - G. All certificates and endorsements must be received and approved by the County of Lexington within ten (10) days after notification of award.
  - H. The County, its officers and employees shall be named as an "additional insured" in the Automobile and General Liability policies and it shall be stated on the Insurance Certificate with the provision that this coverage "is primary to all other coverage the County may possess".
  - I. Lexington County reserves the right to review and approve contracted vendor's insurance carrier.
7. **BIDDERS RESPONSIBILITY:** Each bidder shall fully acquaint himself with conditions relating to the scope and restrictions attending the execution of the work under the conditions of this bid. It is expected that this will sometimes require on-site observation. The failure or omission of a bidder to acquaint himself with existing conditions shall in no way relieve him of any obligation with respect to this bid or to the contract.
8. **AWARD CRITERIA:** The contract shall be awarded to the lowest responsible and responsive bidder(s) whose bid meets the requirements and criteria set forth in the Invitation for Bid. The award can be made to one or a multiple of contractors; whichever is in the best interest of the County, or unless otherwise stated on bidder's schedule.

All things considered equal, tied bids will be resolved by the flip of the coin, or to the contractor whose office is located within Lexington County, whichever the case may be.

9. **WAIVER:** The County reserves the right to waive any Instruction to Bidders, General or Special Provisions, General or Special Conditions, or specifications deviation if deemed to be in the best interest of the County.
10. **COMPETITION:** This solicitation is intended to promote competition. If any language, specifications, terms and conditions, or any combination thereof restricts or limits the requirements in this solicitation to a single source, it shall be the responsibility of the interested Contractor to notify the Procurement Services Office in writing no less than five (5) days prior to the opening date. The solicitation may or may not be changed but a review of such notification will be made prior to the award.
11. **REJECTION:** Lexington County reserves the right to reject any bid that contains prices for individual items or services that are inconsistent or unrealistic when compared to other prices in the same or other bids or ambiguous bids which are uncertain as to terms, delivery, quantity, or compliance with specifications may be rejected or otherwise disregarded if such action is in the best interest of the County.
12. **WORK HOURS:**
  - 12.1 The normal working hours per day will be limited from 7:00 AM E.S.T to 5:30 PM E.S.T Monday through Friday provided sufficient daylight is available.
  - 12.2 The Contractor shall not perform work on Saturday, Sunday or Holidays.
  - 12.3 The following days are recognized as holidays by the owner:
    - New Years Day
    - Martin Luther King Day
    - Presidents Day
    - Confederate Memorial Day
    - Memorial Day
    - Independence Day
    - Labor Day
    - Veterans Day
    - Day after Thanksgiving
    - Thanksgiving Day
    - Christmas Eve
    - Christmas Day
    - Day after Christmas
  - 12.4 When such recognized holidays fall on a Saturday or Sunday, the Owner may at its discretion, declare the preceding Friday or following Monday as a holiday. In the event that the Governor of the State/Board of County Commissioners shall declare any day or days preceding or following a holiday as a holiday, the Owner may, at its discretion, also declare such day or days as holidays.

## **GENERAL CONDITIONS**

1. **DEFAULT:** In case of default by the Contractor, the County reserves the right to purchase any or all items in default in the open market, charging the Contractor with any excessive costs. Should such charge be assessed, no subsequent bids will be considered or purchase orders issued to the defaulting Contractor until the assessed charge has been satisfied.
2. **NON-APPROPRIATION:** Any contract entered into by the County resulting from this bid invitation shall be subject to cancellation without damages or further obligation when funds are not appropriated or otherwise made available to support continuation of performance in a subsequent fiscal period or appropriated year.
3. **INDEMNIFICATION:** The Contractor agrees to indemnify and hold harmless the County of Lexington and all County officers, agents and employees from claims, suits, actions, damages and costs of every name and description, arising out of or resulting from the use of any materials furnished by the Contractor, provided that such liability is not attributable to negligence on the part of the County or failure of the County to use the materials in the manner outlined by the Contractor in descriptive literature or specifications submitted with the Contractor's bid.
4. **CONTRACT ADMINISTRATION:** Questions or problems arising after award of this contract shall be directed to the Procurement Officer. Copies of all correspondence concerning this contract shall be sent to the Procurement Manager, 212 South Lake Drive, Suite 503, Lexington, SC 29072. All change orders must be authorized in writing by the Procurement Manager. Lexington County shall not be bound to any change in the original contract unless approved in writing by the Procurement Manager.
5. **PUBLICITY RELEASES:** Contractor agrees not to refer to the award of this contract in commercial advertising in such a manner as to state or imply that the products or services provided are endorsed or preferred by the User. The Contractor shall not have the right to include the County's name in its published list of customers without prior approval of the County. With regard to news releases, only the name of the County, type and duration of contract may be used and then only with prior approval of the County. The Contractor also agrees not to publish, or cite in any form, any comments or quotes from the County staff unless it is a direct quote from the Public Information Officer.
6. **QUALITY OF PRODUCT:** Unless otherwise indicated in this bid it is understood and agreed that any items offered or shipped on this bid shall be new and in first class condition unless otherwise indicated herein.
7. **S.C. LAW CLAUSE:** Upon award of a contract under this bid, the person, partnership, association or corporation to whom the award is made must comply with the laws of South Carolina which require such person or entity to be authorized and/or licensed to do business with this State. Notwithstanding the fact that applicable statutes may exempt or exclude the successful bidder from requirements that it be authorized and/or licensed to do business in this State, by submission of this signed bid, the bidder agrees to subject himself to the jurisdiction and process of the courts of the State of South Carolina as to all matters and disputes arising or to arise under the contract and the performance thereof, including any questions as to the liability for taxes, licenses, or fees levied by the State.
8. **ASSIGNMENT:** No contract or its provisions may be assigned, sublet, or transferred without the written consent of the Procurement Manager.
9. **AFFIRMATIVE ACTION:** The successful bidder will take affirmative action in complying with all Federal and State requirements concerning fair employment and treatment of all employees, without regard or discrimination by reason of race, color, religion, sex, national origin or physical handicap. The Contractor agrees that it will not discriminate in hiring, promotion, treatment, or other terms and

conditions of employment based upon race, sex, national origin, age, disability, or in any way violation of Title VII of 1964 Civil Rights Act and amendments or the South Carolina Human Affairs Law, except as permitted by said laws.

10. **BIDDING CONDITION OF PRICE:** All bid prices submitted shall remain effective for a minimum period of 90 days, or until evaluation of bids is complete and award is made. Thereafter, the contract prices shall remain effective for the term of the contract.
11. **7% S.C. SALES TAX:** The County shall add 7% sales tax to all orders; however lump sum bids shall include sales tax in bid price unless otherwise noted. ***By submission of a signed bid, you are certifying, under penalties of perjury, that you comply with Title 12, Chapter 36, Article 1 of the SC Code of Laws relating to payment of any applicable taxes. This will certify to the County your compliance.***
  - A. Forms to register for all taxes administered by the South Carolina Department of Revenue may be obtained by calling the License and Registration Section at (803) 898-5872 or by writing to the South Carolina Department of Revenue, Registration Unit, Columbia, South Carolina 29214-0140.
12. **PAYMENT TERMS:** Payment will be made within thirty (30) days after receipt of an accurate, undisputed, and properly submitted invoice to the County after acceptance of completed order/project. Early payment discount, if available, will be calculated from date of acceptance. Application for payment shall reflect services completed through the last day of the month. **There will be no exceptions to these payment terms unless approval is obtained in writing from the Procurement Manager prior to bid opening date.** All invoices and correspondence shall be sent to: Procurement Services, County of Lexington, 212 South Lake Drive, Lexington, SC 29072-3493
13. **BID REQUIREMENTS:** Bid requirements on the equipment specified are not intended to be restrictive to potential bidders, but indicate the required features for satisfactory performance. Lexington County will determine if minor deviations from these features are acceptable.
14. **DEVIATIONS FROM SPECIFICATIONS:** Any deviation from specifications indicated herein must be clearly pointed out; otherwise, it will be considered that items offered are in strict compliance with these specifications, and successful bidder will be held responsible therefore. Deviations must be explained in detail on separate attached sheet(s). The listing of deviations, if any, is required but will not be construed as waiving any requirements of the specifications. Deviations found in the evaluation of the bid and not listed may be cause for rejection. Bidders offering substitute or equal items must provide information sufficient enough to determine acceptability of item offered.
15. **CONTRACT:** This bid and submitted documents, when properly accepted by Lexington County along with a written purchase order, shall constitute a contract equally binding between the successful offeror, and Lexington County. No different or additional terms will become a part of this contract with the exception of a Change Order.
16. **CHANGE ORDERS:** No oral statement of any person shall modify or otherwise change, or affect the terms, conditions or specifications stated in the resulting contract. All change orders to the contract will be made in writing by the Procurement Manager.
17. **AMENDMENTS:** All amendments to and interpretations of this solicitation shall be in writing and issued by the Procurement Manager of Lexington County. Lexington County shall not be legally bound by any amendment or interpretation that is not in writing.
18. **BID EVALUATION:** Bids received will be evaluated by the Procurement Manager or designee. However, based on bid total, final decision for bid award may rest with the Lexington County Council.

Factors to be considered during the evaluation process include, but are not limited to:

- A. Cost
- B. Reputation and dependability of the Contractor

19. **ARBITRATION:** Under no circumstances and with no exception will Lexington County act as arbitrator between the contractors.
20. **DELIVERY:** Lexington County requires that delivery be made to specified destination within the shortest time frame possible. Delivery shall arrive between the hours of 8:00 a.m. and 4:30 p.m., Monday through Friday, provided that such day is not a legal holiday. The current purchase order number must be indicated on all delivery tickets.
21. **SHIPPING:** All deliveries shall be shipped F.O.B. point Destination-freight prepaid, the seller pays and bears all freight charges; collect shipments will not be accepted. It is agreed by the parties hereto that delivery by the Contractor to the common carrier does not constitute delivery to the County. Any claim for loss or damage shall be between the Contractor and the carrier.
22. **"OR APPROVED EQUAL":** Certain processes, types of equipment or kinds of material are described in the specifications and/or on the drawings by means of trade/brand names and catalog numbers. In each instance where this occurs, it is understood and inferred that such description is followed by the words "or approved equal". Such method of description is intended merely as a means of establishing a standard of comparability. However, the Owner reserves the right to select the items, which, in the judgment of the Owner, are best suited to the needs of the Owner, based on price, quality, service, availability and other relative factors. Bidders should indicate brand name, model, model number, size, type, weight, color, etc., of the item bid, if not exactly the same as the item specified. Vendor's stock number or catalog number is not sufficient to meet this requirement. If any bidder desires to furnish an item different from the specifications, vendor should submit along with the bid, the information, data, pictures, designs, cuts, etc., of the material they plan to furnish so as to enable the Owner to compare the material specified; and, such material shall be given due consideration. The Owner reserves the right to insist upon, and receive items as specified if the submitted items do not meet the Owner's standards for acceptance.
23. **ALTERNATE BIDS:** Bidders wishing to submit an alternate for consideration that does not meet the county specifications (or approved deviations), must submit their proposal as an alternate bid.
24. **PROMPT PAYMENT DISCOUNT TERMS:** Prompt payment discount terms will be calculated from the point of complete order acceptance for services and/or commodities ordered.
25. **DRUG-FREE WORKPLACE:** By submittal of this bid, you are certifying that you will comply with Title 44, Code of Laws of South Carolina, 1976, Section 44-107-30.
26. **ILLEGAL IMMIGRATION & PUBLIC CONTRACTS:** In accordance with the South Carolina Illegal Immigration Reform Act, 2008, Act No. 280. Section 3 of this Act added to Chapter 14 to Title 8 of the South Carolina Code of Laws prohibits covered persons from entering into covered contracts unless the Contractor agrees either (a) to verify all new employees through the federal work authorization program [and requires the same from subcontractors and sub-subcontractors] or (b) to employ only qualifying workers. Effectively, the Act also requires contractors to agree to provide any documentation required to establish either (a) that the Act does or does not apply to the Contractor, subcontractor, or sub-subcontractor; or (b) that the Contractor, and any subcontractor or sub-subcontractor, are in compliance with Section 3 of the Act."
27. **NO CONTACT POLICY:** After the date and time established for receipt of proposals by the County, any contact initiated by any offeror with any County representative, other than the Procurement Officer listed

herein, concerning this request for proposals is prohibited. Any such unauthorized contact may cause the disqualification of the offeror from this procurement transaction.

**28. ESTIMATED QUANTITIES:**

- A. The Owner has endeavored to estimate the proposed quantities as accurately as possible using the latest information available for the project. Within fifteen (15) calendar days after the issuance of the Notice to Proceed, the Contractor shall provide written verification of the quantities. Failure to do so shall imply the Contractor's acceptance of the quantities.
- B. In addition, it will be the Contractor's responsibility to inform the Engineer/Inspector when any item of work (excluding lump sum items) is within 90% of the proposed quantity.
- C. To affect the increase, deletion, and/or substitution, a "no cost" or "cost" change order signed by the Contractor must be submitted to the Procurement Manager by the engineer. No work shall be performed prior to approval of such change order.

**29. CONTINGENT ITEMS:**

- A. Construction Item(s) identified as being contingent on the "Summary of Quantities" sheets of the plans, in the column headed "Contingent" and/or listed herein are provided in the Contract for use as directed by the Engineer and shall be included as part of the proposal base bid unless otherwise specified. The quantities for these items are established for the purpose of obtaining a bid price and shall be included as part of the proposal base bid unless otherwise specified. The quantities for these contingent items may be increased or decreased without any adjustment to the Contract unit price bid or the contingent items may be deleted entirely from the Contract by the Engineer without negotiation. The Contractor will not be allowed to submit a claim against the Owner for any adjustment to the Contract unit price bid should the contingent items be increased, decreased or eliminated entirely.
- B. Payment for any contingent items used will be made on the basis of the quantities as actually measured. Materials, Construction Requirements, and Basis of Payment shall be as specified in the Specifications, Supplement to the Specifications, Interim Specifications or Addenda, Plans or Special Provisions.

**30. ABATEMENT OF WATER POLLUTION BY SEDIMENTATION:** The Contractor's attention is specifically directed to the fact that it is of the utmost importance during the life of this contract that control of water pollution due to sedimentation be accomplished as shown on the engineering drawings and/or in accordance with South Carolina D.H.E.C. requirements. The restrictions contained therein shall be strictly enforced and the Contractor is cautioned, therefore, to make every effort possible to comply with these regulations, and shall conduct his operations in such a manner as to keep to an absolute minimum amount of sedimentation introduced in to any stream or watercourse.

**31. CONTRACTORS OBLIGATIONS:** The Contractor shall and will, in good workmanlike manner, do and perform all work and furnish all supplies and materials, machinery, equipment, facilities and means, except as herein otherwise expressly specified, necessary or proper to perform and complete all the work required by this contract, within the time herein specified, in accordance with the Plans and Plan Drawings covered by this contract and any and all supplemental Plans and Drawings, and in accordance with the directions of the Engineer as given from time to time during the progress of the work. It shall furnish, erect, maintain and remove such construction plant and such temporary works as may be required. The Contractor shall observe, comply with, and be subject to all terms, conditions, requirements, and limitations of the Contract and Specifications, and shall do, carry on, and complete the entire work to the satisfaction of the Engineer and the Owner.

32. **SUPERINTENDENCE BY CONTRACTOR:** At the site of work, the Contractor shall employ a superintendent or foreman who shall have full authority to act for the Contractor. It is understood that such representative shall be acceptable to the Engineer.
33. **ENGINEER AUTHORITY:** The Engineer shall give all orders and directions contemplated under this Contract and Specifications relative to the execution of the work. The Engineer shall determine the amount, quality, acceptability, and fitness of the several kinds of work and materials which are to be paid for under the construction thereof. The Engineer's estimates and decisions shall be final and conclusive, except as herein otherwise expressly provided. In case any questions shall arise between the parties hereto relative to said Contract or Specifications, the determination or decision of the Engineer shall be a condition precedent to the right of the Contractor to receive any money or for work under Contract affected in any manner or to any extent by such question.

The Engineer shall decide the meaning and intent of any portion of the Specifications and any Plan or Drawings where the same may be found obscure or be in dispute. Any differences or conflicts in regard to their work which may arise between the Contractor under this Contract and other contractors performing work for the Owner shall be adjusted and determined by the Engineer.

34. **INSPECTION AND INSPECTOR AUTHORITY:** The authorized representatives and agents of the Owner shall be permitted to inspect all work, materials, payrolls, records of personnel, invoices materials and other relevant data and records.
- A. Inspectors, employed by the Engineer, shall be authorized to inspect all work done and materials furnished. Such inspection may extend to all or part and to the preparation or manufacture of the materials to be used. An inspector or inspectors will be stationed on site and will report to the Engineer as to the progress of the work and the manner in which it is being performed; also to report whenever it appears that the materials furnished and work performed by the Contractor fail to fulfill the requirements of the Specifications and Contract; and to call to the attention of the Contractor any such failure and other default; but no inspection nor any failure to inspect, at any time or place, however, shall relieve the Contractor from any obligation to perform all of the work strictly in accordance with the requirements of the Specifications. In case of dispute arising between the Contractor and any inspector as to the materials furnished or the manner of performing the work, the inspector shall have the authority to reject materials or suspend the work until the question at issue can be referred to and decided by the Engineer.
  - B. The inspectors shall perform such other duties as are assigned to them. They shall not be authorized to revoke, alter, enlarge, or release any requirements of these Specifications, not to approve or accept any portion of work, not to issue instructions contrary to the Plans and Specifications. Inspectors shall in no case act as foremen to perform other duties for the Contractor, nor interfere with the management of the work by the latter. Any instructions which the inspectors may give the Contractor shall in no way be construed as binding the Engineer or the Owner in any way, nor releasing the Contractor from fulfillment of the terms of the Contract.
35. **USE OF PREMISES AND REMOVAL OF DEBRIS:** The Contractor expressly undertakes at its own expense:
- A. To take every precaution against injuries to persons or damage to property.
  - B. To store its apparatus, materials, supplies, and equipment in such orderly fashion at the site of the work as will not unduly interfere with the progress of its work or the work of any other contractors.
  - C. To place upon the work or any part thereof only such loads as are consistent with the safety of that portion of the work. To clean up frequently all refuse, rubbish, scrap materials, and debris caused by its operations, to the end that at all times the site of the work shall present a neat, orderly, and workmanlike appearance.

- D. Before final payment to remove all surplus material, false work, temporary structures, including foundations thereof, plants of any description and debris of every nature resulting from its operations, and to put the site in a neat, orderly condition.
  - E. To affect all cutting, fitting or patching of its work required to same to conform to the Plans and Specifications and, except with the consent of the Engineer, not to cut or otherwise alter the work of any other contractor.
36. PUBLIC CONVENIENCE AND SAFETY: In addition to the requirements of SCDOT Standard Specifications for Highway Construction, add the following provisions:
- A. Dust control by sprinkling or the use of chemicals shall be performed by the Contractor to the satisfaction of the Engineer.
  - B. The condition of the work at all times shall be such that sudden storms or prolonged rainfall will not cause such damage to property in the vicinity of the work that could in any way be attributed to the performance of the work.
  - C. If, in the opinion of the Engineer, the public has been inconvenienced to a great extent, or that certain conditions provide a threat to public safety, or that work performed by the Contractor has caused damage to property in the area of the work, which has not been remedied quickly and satisfactorily, the Engineer shall have the authority to order all operations to cease until such time as such conditions are remedied to his satisfaction, and any delay caused thereby shall not be considered just cause for any extension of time in completion of the Contract. Upon refusal of the Contractor to promptly comply with this requirement, the Engineer/Owner shall have the right to perform such work as may be required, at the expense of the Contractor.
  - D. In the event of temporary suspension of work, or during inclement weather, or whenever the Engineer shall direct, the Contractor will, and will cause its subcontractors to protect carefully its and their work and materials against damage or injury from the weather. If, in the opinion of the Engineer, any work or materials shall have been damaged or injured by reason of failure on the part of the Contractor or any of its subcontractors to so protect its work, such materials shall be removed and replaced at the expense of the Contractor.
37. SUSPENSION OF WORK: Should the Owner be prevented or enjoined from proceeding with work or from authorizing its prosecution either before or after its prosecution, by reason of any litigation, the Contractor shall not be entitled to make or assert claim for damage by reason of said delay, but time for completion of the work will be extended to such reasonable time as the Owner may determine will compensate for time lost by such delay with such determination to be set forth in writing.
38. CORRECTION OF WORK: All work, all materials, whether incorporated in the work or not, all processes of manufacture, and all methods of construction shall be at all times and places subject to the inspection of the Engineer, who shall be the final judge of the quality and suitability of the work, materials, processes of manufacture, and methods of construction for the purposes for which they are used.
- Any defective work, whether the result of poor workmanship, use of defective materials, damage through carelessness or any other cause, found to exist shall be removed and replaced by work and materials which shall conform to the Specifications or shall be remedied otherwise in an acceptable manner authorized by the Engineer.
- Upon failure on the part of the Contractor to comply promptly with any order of the Engineer, made under the provisions of these General Provisions, the Engineer shall have authority to cause defective work to be remedied or removed and replaced and unauthorized work to be removed and to deduct the costs from any monies due or to become due the Contractor under this Contract.
39. PAYMENT TO CONTRACTOR: The Owner shall make a Progress Payment to the Contractor on the basis of a duly certified and approved estimate of the work performed during the preceding calendar

month under the Contract. To insure proper performance of the Contract, the Owner shall retain ten percent (10%) of the amount of each estimate until final completion and acceptance of all work covered by the Contract.

The Contractor shall submit a pencil copy of a weekly estimate to the County Inspector (on-site) for review and approval. The hard copies shall be submitted to the Project Manager, Lexington County Engineering Department, along with all necessary attachments supporting his claim.

The Owner reserves the right to withhold all or any part thereof of monies due, if in the opinion of the Owner, the completed work is found not to be in conformance with the Plans and Specifications, defective and/or damaged by negligence by the Contractor and/or his employees. This above shall also apply to previously approved work by the Inspector which may require correction/replacement or become defective due to negligence and/or workmanship by the Contractor. This shall also include unsatisfactory prosecution of the work, failure to furnish required submittals, and/or unapproved testing procedures.

In preparing estimates, the material delivered on the site and preparatory work done may be taken into consideration.

All material and work covered by partial payments made shall thereupon become the sole property of the Owner, but this provision shall not be construed as relieving the Contractor from the sole responsibility for the care and protection of materials and work upon which payments have been made or the restoration of any damaged work, or as a waiver of the right of the Owner to require fulfillment of all the terms of the Contract.

The Contractor agrees that it will indemnify and hold the Owner harmless from all claims growing out of the lawful demands of subcontractors, laborers, workmen, mechanics, material men, and furnishers of machinery and parts thereof, equipment, power tools, and all supplies, including commissary, incurred in the furtherance of the performance of this Contract. The Contractor shall, at the Owner's request, furnish satisfactory evidence that all obligations of the nature hereinabove designated have to be paid, discharged, or waived. If the Contractor fails to do so, then the Owner may, after having served written notice, direct, or withhold from the Contractor's unpaid compensation a sum of money deemed reasonably sufficient to pay any and all such lawful claims until satisfactory evidence is furnished that all liabilities have been fully discharged whereupon payment to the Contractor shall be resumed, in accordance with the terms of this Contract, but in no event shall the provisions of this sentence be constructed to impose any obligations upon the Owner to either the Contractor or its Surety. In paying any unpaid bills of the Contractor, the Owner shall be deemed the agent of the Contract, and any payment so made by the Owner, shall be considered as a payment made under the Contract by the Owner to the Contractor, and the Owner shall not be liable to the Contractor for any such payment made in good faith.

40. **TERMINATION:** Subject to the provisions below, the contract may be terminated for any reason by the County providing a 30 day advance notice in writing is given to the contractor.
- A. **Termination for Cause:** Termination by the County for cause, default or negligence on the part of the contractor shall be excluded from the foregoing provisions, termination costs, if any, shall not apply. The thirty (30) days advance written notice requirement is waived and the default provision in this bid shall apply; see General Conditions.
  - B. **Termination for Convenience:** The County, by written notice, may terminate this contract in whole or in part, when it is in the best interest of the County.
  - C. **Termination requirement does not apply** if contract is to terminate at the end of an established contract term.
  - D. **Termination for Nonappropriations:** If the Lexington County Council fails to appropriate or authorize the expenditure of sufficient funds to provide the continuation of this contract, or if a lawful order issued in or for any fiscal year during the term of the contract reduces the funds appropriated or authorized in such amount as to preclude making the payments set out therein, the

contract shall terminate on the date said funds are no longer available without any termination charges or other liability incurring to the County. Any termination for non-appropriations shall not prohibit the County from obtaining services from another source or in another manner, which is in the best interest of the County.

41. **TIME FOR COMPLETION AND LIQUIDATED DAMAGES:** It is hereby understood and mutually agreed, by and between the Contractor and Owner, that the date of beginning and the time for completion as specified in the Contract of work to be done hereunder are **ESSENTIAL CONDITIONS** of this Contract; and it is further mutually understood and agreed that the work embraced in this Contract shall be commenced on a date to be specified in the Notice to Proceed.

The Contractor agrees that said work shall be prosecuted regularly, diligently, and uninterruptedly at a rate of progress as will insure full completion thereof within the time specified. It is expressly understood and agreed, by and between the Contractor and the Owner, that the time for the completion of the work described herein is a reasonable time for the completion of the same, taking into consideration the average climate range and usual industrial conditions prevailing in this locality.

If the said Contractor shall neglect, fail or refuse to complete the work within the time herein specified, or any proper extension thereof granted by the Owner, then the Contractor does hereby agree, as part consideration for the awarding of this Contract, to pay the Owner the amount specified in the Contract, not as a penalty but as liquidated damages for such breach of Contract as hereinafter set forth, for each and every calendar day that Contractor shall be in default after the time stipulated in the Contract for completing the work.

The said amount is fixed and agreed upon by and between the Contractor and the Owner because of the impracticability and extreme difficulty of fixing and ascertaining the actual damages the Owner would in such event sustain, and said amount is agreed to be the amount of damages which the Owner would sustain and said amount shall be retained from time to time by the Owner from current periodical estimates.

It is further agreed that time is of the essence of each and every portion of this Contract and of the Specification wherein a definite and certain length of time is fixed for the performance of any act whatsoever; and where under the Contract an additional time is allowed for the completion of any work, the new time limit fixed by such extension shall be the essence of this Contract. Provided that the Contractor shall not be charged with liquidated damages or any excess cost when the owner determines that the Contractor is without fault and the Contractor's reasons for the time extension are acceptable to the Owner; provided further that the Contractor shall not be charged with liquidated damages or any excess cost when the delay in completion of the work is due:

- a. To any preference, priority or allocation order duly issued by the Government;
- b. To unforeseeable cause beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, or the public enemy, acts of the Owner, acts of another Contractor in the performance of a Contract with the Owner, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, and severe weather; and
- c. To any delays of subcontractors or suppliers occasioned by any of the causes specified in subsections a. and b. of this article; provided further, that the Contractor shall, within ten (10) days from beginning of such delay, unless the Owner shall grant a further period of time prior to the date of final settlement of the Contract, notify the Owner, in writing, of the cause of delay, who shall ascertain the facts and extent of the delay and notify the Contractor within a reasonable time of its decision in the matter.

42. **FINAL WALK THRU INSPECTION:** The Final Walk Thru Inspection shall be performed by all parties involved at the project completion. The Contractor shall inform the Project Manager, in writing, for the substantial completion date of the project. The Contractor will be notified by the Project Manager within ten (10) working days of any incomplete and/or defective work. The Contractor shall immediately take such measures as necessary to remedy such deficiencies (not to exceed 30 calendar days) and shall notify the Project Manager at completion of the corrections. A second inspection shall be performed as required.

**PROCUREMENT:** **Shumpert Street Roadway Improvements:** Provide all materials, equipment, and labor to pave a Lexington County maintained dirt roadway in accordance with the specifications, conditions, and provisions as provided herein.

**AWARD:** The total base bid will be used as a basis for evaluation of the bids and award of the contract. If the award of a contract is made, it will be to the lowest, responsive, responsible Bidder within the specified time for bids to remain irrevocable.

**TIME OF COMPLETION:** The successful bidder shall commence work within ten (10) calendar days of receipt of written "Notice to Proceed" by the Owner and fully execute and complete the project within **90** consecutive calendar days thereafter. The proposed Notice to Proceed date is **February 2, 2015** therefore the calendar date of completion will be **May 3, 2015.**

**LIQUIDATED DAMAGES:** The Bidder must also agree to pay as liquidated damages, the sum of **\$200.00** for each consecutive calendar day thereafter as described in the General Conditions.

**WARRANTY:** The successful bidder will provide a written statement of warranty against any defect, failure, etc. caused by the materials, workmanship, etc. for a period of 2-years from the time of completion.

**MBE/WBE:** This contract is being financed through the State C-Fund Program which is subject to state laws regarding Minority and/or Women Business Enterprises. Such business, organizations, and individuals owning and controlling same shall hereinafter be referred to as "MBE/WBE". The overall goal for participation for this contract is at least 5% of the contract bid price for MBE and 5% of the contract bid price for WBE. The successful bidder must demonstrate their attempt to meet this goal and provide verification if the goal cannot be met. The successful bidder must also provide the names of all MBE/WBE's used on the project along with the associated dollar amount. Names of certified MBEs and WBEs can be found on SCDOT's website.

**ALTERNATE BIDS:** The bidder is to take notice that the bid schedule has a Base Alternate. The Base Alternate will substitute 6" Graded Aggregate Base for the 8" Sand Clay Base listed in the Bid Schedule. The Bid Total is to include only one Base Type. If Sand Clay is not chosen in lieu of Graded Aggregate Base then Alternate 1 is to be left blank.

**SPECIAL PROVISIONS  
SHUMPERT STREET ROADWAY IMPROVEMENT**

**THE PROJECT**

The Lexington County Department of Public Works is seeking competitive bids from South Carolina Department of Transportation approved contractors for the purpose of paving Shumpert Street. This work generally consists of fine grading and surfacing 900 linear feet of roadway using 2" Hot Mix Asphalt Surface Course Type C and 6" Graded Aggregate Base Course. The limits of work are described herein along with Details that describe specific items of work.

The intent of the project is to provide a final paved surface on the approximate line and grade of the existing road with minimal excavation and disturbance to the existing roadsides. The intent of the project is to make use of existing drainage features, making improvements only deemed necessary to protect the new work and not adversely impact the existing conditions.

Note 1: All work done by the Contractor must be in accordance with the South Carolina Department of Transportation 2007 Standard Specification for Highway Construction unless otherwise instructed by Lexington County Department of Public Works.

Note 2: The Contractor will be responsible for any applicable construction stakes, lines, and grades.

Note 3: Erosion and sediment control plans have not been provided for this project. The Contractor will be responsible for constructing and maintaining the site in a manner which is in accordance with the latest DHEC approved erosion and sediment control best management practices guidelines.

**Item No. 201 – CLEARING AND GRUBBING**

- .01 DESCRIPTION:** This section contains specifications for the materials, equipment, construction, measurement, and payment for clearing and grubbing of all vegetation, debris, and obstructions within the limits of disturbance, right of way, ditch and channel change areas, or other easement areas, except for such objects that are designated to remain, or are to be otherwise removed in accordance with the plans or other sections of these specifications.
  - A. The removal of vegetation as described in note 5 of the Project Notes will be included in this item of work.
- .02 MATERIALS:** none specified.
- .03 EQUIPMENT:** Ensure that the equipment necessary for the proper construction of the work is on site, in acceptable working condition, and approved by the Engineer as to both type and condition before commencement of work.
- .04 CONSTRUCTION:** Where clearing and grubbing is required, clear and grub the entire area within the limits of disturbance. Do not cut, damage, or destroy timber beyond the limits of disturbance unless the Plans or the Special Provisions provide for clearing such areas as necessary to complete the work. Do not remove or damage trees, plant specimens, or other objects considered valuable by adjacent property owners or that are aesthetically desirable and are designated by the Engineer to remain.
- .05 MEASUREMENT AND PAYMENT:** The quantity for the pay item Clearing and Grubbing will not be measured for payment, but will paid as a Lump Sum item distributed as a proportion of the amount of relevant work completed and accepted by the Engineer. The proportion for partial payment shall be determined by the actual surface area over which clearing or grubbing operations were performed, completed, and accepted by the Engineer. Payment is full compensation for performing the clearing and grubbing work as specified or directed and includes proper removal and disposal of timber and debris and all other materials, labor, equipment, tools, supplies, transportation, and incidentals necessary to complete the work in accordance with the Plans, the Specifications, and other terms of the Contract.

**Item No. 202 – REMOVAL & DISPOSAL OF EXISTING ASPHALT PAVEMENT**

- .01 DESCRIPTION:** The work consist of the removal, capturing and hauling of removed asphalt pavement as determined by the Engineer.

- .02 MATERIALS:** None specified.
- .03 EQUIPMENT:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 202.3 in its entirety.
- .04 CONSTRUCTION:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 202.4 in its entirety.
- .05 MEASUREMENT AND PAYMENT:** Removal and Disposal of Existing Asphalt Pavement will be measured and paid for at the Contract Unit price bid per square yard, SY. The payment shall be full compensation for all labor, materials, equipment, incidentals necessary to complete this item of work.

**Item No. 203.1 – UNCLASSIFIED EXCAVATION**

- .01 DESCRIPTION:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 203.1 in its entirety. All excavation performed under this section is considered unclassified except for items specifically described in other items of these Specifications.
- .02 MATERIALS:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 203.2 in its entirety.
- .03 EQUIPMENT:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 203.3 in its entirety.
- .04 CONSTRUCTION:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 203.4 in its entirety.
- .05 MEASUREMENT AND PAYMENT:** Unclassified Excavation will not be measured for payment, but will be paid as a Lump Sum item distributed proportionately to each month's pay request. The payment shall be full compensation for all labor, materials, equipment, excavation, disposal and incidentals necessary to complete this item of work.

**Item No. 211 – PROOF ROLL SUBGRADE**

- .01 DESCRIPTION:** This work shall consist of furnishing and operating a heavy, pneumatic-tired equipment for testing the roadway subgrade for stability and uniformity of compaction.
- .02 MATERIALS:** None
- .03 EQUIPMENT:** Proof rolling equipment shall consist of a fully loaded tandem axle dump truck or an equivalent approved by the Engineer. Use only equipment with air-filled pneumatic tires. Do not use liquid-filled tires. Ensure that the tires have a pressure between 70 and 90 psi while proof rolling. Use equipment with tires mounted on articulated axles so that all wheels on the same axle carry approximately equal loads when operated over uneven surfaces.
- .04 CONSTRUCTION:**
  - A. Perform proof rolling in the presence of the Engineer or approved inspector.
  - B. Operate proof rolling equipment at a speed between 200 and 300 feet per minute.
  - C. Make a minimum of 3 passes over each area proof rolled.

D. Correct areas shown by the proof rolling operation to be unstable or non-uniform. After correction of these deficient areas, repeat the proof rolling operation

- .05 MEASUREMENT AND PAYMENT:** Proof Rolling will not be measured for payment, but shall be considered incidental to the applicable pay item associated with the work.

**Item No. 303.8 – SAND CLAY BASE COURSE (8" UNIFORM)**

- .01 DESCRIPTION:** This work shall consist of preparing a compacted 8.0 inch sand clay base course on subgrade prepared by the Contractor. This base material is an option alternate base course that the Contractor may bid in lieu of Graded Aggregate Base Course. Sand Clay Base will be compacted to 100% of the standard proctor (ASTM D-698) maximum dry density. Prime Coat will not be paid for, it will be considered as incidental to Item no. 3031008 Sand Clay Base Course. The payment will be full compensation for all material, labor, and equipment necessary to complete the work.
- .02 MATERIALS:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 303.2 in its entirety.
- .03 EQUIPMENT:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 303.4 in its entirety.
- .04 CONSTRUCTION:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 303.4 in its entirety.
- .05 MEASUREMENT AND PAYMENT:** Sand Clay Base Course will be measured and paid for at the Contract Unit Price Bid per Square Yard. The payment will be full compensation for all material, labor, equipment, tools, grading, compacting, testing, watering, and incidentals necessary to complete the work. Base constructed outside the designated area will not be paid for.

**Item No. 305.6 – GRADED AGGREGATE BASE COURSE (6" UNIFORM)**

- .01 DESCRIPTION:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 305.1 in its entirety. This work shall consist of all materials, equipment, and labor required to construct a base course on a properly prepared foundation in conformance with the Plans or as directed by the Engineer. Prime Coat shall be used unless otherwise directed by the Engineer.
- .02 MATERIALS:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 305.2 in its entirety and the following:
- A. Use graded aggregate base material such as Macadam Base, Marine Limestone Base, Recycled Portland Cement Base, or other graded aggregate base that conforms to the requirements of SCDOT Standard Specification 305.2. The selected base material shall be approved by the engineer prior to placement.
  - B. For Asphalt Prime Coat, use EA-P Special for priming the base course conforming to the requirements of SCDOT Standard Specification 407.2.4 paragraph 2.
- .03 EQUIPMENT:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 305.3 in its entirety.
- .04 CONSTRUCTION:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 305.4 in its entirety.

- .05 MEASUREMENT AND PAYMENT:** This item shall be measured and paid for at the contract unit price per square yard, SY. Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 305.5 and 305.6 in its entirety. Prime Coat will not be measured and paid for, but shall be considered incidental to the placement of graded aggregate base course.

**Item No. 401.4 - HOT MIX ASPHALT, SURFACE COURSE, TYPE C**

**Item No. 402.3 - HOT MIX ASPHALT INTERMEDIATE COURSE, TYPE C**

- .01 DESCRIPTION:** This work shall consist of furnishing and installing Hot Mix Asphalt (HMA) as shown herein or as directed by the Engineer. HMA shall consist of crushed stone, crushed slag, or crushed gravel and fine aggregate, slag, stone screening or a combination thereof combined with asphalt cement. The Engineer will permit the use of HMA Surface Course containing Rap material in the specified mixes. This material must meet SCDOT requirements. At any time during the period of the Contract, the Owner may increase, decrease, delete, or substitute HMA tonnage listed herein at its discretion.
- .02 MATERIALS:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 403.2 in its entirety.
- .03 EQUIPMENT:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 403.3 in its entirety.
- .04 CONSTRUCTION:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 403.4 in its entirety and the following:
- A. A pre-pave meeting with the Contractor, Engineer, Inspector, and Paving Foreman shall be held prior to HMA placement for each of the locations listed herein.
  - B. The Contractor shall apply a prime coat to prepared base in accordance to SCDOT Specifications Section 401.4.18. Delay prime coat application as necessary to achieve uniform penetration of the base course. Apply the prime coat at a rate of 0.25 to 0.28 gallons per square yard of asphalt. The method of application is prescribed in pertinent sections of SCDOT Specifications Section 400.
  - C. When it is necessary to maintain traffic on a road or a section of road before the prime coat has time to sufficiently dry to prevent pickup, apply sand or some approved granular material as a cover as directed by the Engineer. The cost of furnishing this material and performing this work shall be incidental to the cost of the Hot Mix Asphalt.
  - D. The Contractor shall protect the pavement against damage from all causes. Any part of the pavement that is damaged shall be repaired or replaced by and at the expense of the Contractor.
  - E. HMA shall be placed only when the ambient air temperature at the surface is at least 40° F and rising.
  - F. All HMA shall be compacted by rolling, with approved equipment, to an in-place density of 92.0 to 97.0 percent of the maximum density.
  - G. Testing of Hot Mix Asphalt (HMA) pavements shall be in accordance with SCDOT Specifications Section 401.4.20/21 at the Contractor's expense. Copies of all test results shall be given to the Owner.
- .05 MEASUREMENT AND PAYMENT:** Refer to Section 401.5 and Section 403.5 of the SCDOT Specification Booklet and the following:
- A. Hot Mix Asphalt pavements will be measured and paid for at the Contract unit price bid per

- ton for the respective types of HMA. The payment will be full compensation for furnishing, mixing, hauling, placing, testing, tack coat, labor, equipment, tools and incidentals necessary to complete the work.
- B. Any coordination with utility companies required by the Contractor shall be incidental to Item no. 401 unless otherwise specified in the Contract documents.
  - C. All costs for constructing or removal of tie-ins, final or temporary shall be considered incidental to the price per ton for HMA Surface Course.
  - D. HMA shall be compacted to an in place density of 92 to 97 percent of the maximum density. If the Contractor obtains 92 to 97 percent densities, payment will be made at 100% of the Contract unit price bid per ton for the material at that density. Likewise densities from 91.9 to 90.5 will be paid at 93% of the Contract unit price bid per ton for the material at that density. All densities falling below 89.9 percent shall either be milled out and replaced or left in place at the Engineer's discretion. When the Engineer determines to reject a lot, the lot shall be replaced at no cost to the Owner.

#### **Item No. 501 - SAW CUTTING**

- .01 DESCRIPTION:** This work shall consist of Saw Cutting at the locations where the new and old surfaces meet and/or as directed by the Engineer.
- .02 MATERIALS:**
  - Tack Coat
  - Crack Filler
- .03 CONSTRUCTION:**
  - A. Saw cuts shall occur at all locations where the new and old surfaces meet to provide a continuous bond.
  - B. Prior to placing new pavement, the entire face of existing pavement shall be coated with tack coat.
  - C. After new pavement has been placed, all joints shall be filled with approved crack filler.
  - D. Appropriate traffic control devices shall be in place and functional prior to commencing any work on this item.
- .04 MEASUREMENT AND PAYMENT:** Saw Cutting will not be measured for payment, but shall be considered incidental to Item No. 401 Hot Mix Asphalt Surface. This will include all material, labor, equipment, tools, water, and incidentals necessary to complete the work.

#### **Item No. 601 - MAINTENANCE OF TRAFFIC**

- .01 DESCRIPTION:** This work shall consist of all labor and material necessary to maintain traffic, both vehicular and pedestrian, on, along, or through the work area. This Item sets forth the traffic control requirements necessary for the safe and continuous maintenance of traffic throughout the area affected by the work.
- .02 MATERIALS:** All materials shall be in accordance with Division 600 of the SCDOT 2007 Standard Specifications for Highway Construction.
- .03 EQUIPMENT:** Not Applicable

- .04 CONSTRUCTION:** A predetermined Traffic Control Plan (TCP) shall be submitted seven (7) calendar days prior to the start of work. The TCP shall be submitted to the Engineer for review and verification of conformance with Part VI (Temporary Traffic Control) of the latest edition of the Manual On Uniform Traffic Control Devices (MUTCD). The TCP shall address the type, size, and placement of signs, job location and personnel to be used.
- A. All traffic control devices and methods used shall conform to the Manual on Uniform Traffic Control Devices (MUTCD), latest edition.
  - B. Contractor to provide sufficient number of flagmen and take all necessary precautions for the protection of the work area and safety of the public. When not in visual contact, flaggers shall be equipped with two-way radios to facilitate the safe flow of traffic through the construction zone.
  - C. Signs shall be new or in like-new condition. Signs that become faded, illegible, or damaged shall be replaced as directed by the Engineer.
  - D. On projects where traffic is detoured around the work area, Contractor shall place signing as shown by the TCP.
  - E. On projects where traffic is to be maintained through the work area, the Contractor shall maintain one (1) lane traffic during work hours and two (2) lanes during non-work hours. Full closure with appropriate detour will be considered on a case by case basis only.
  - F. Traffic control devices shall be erected prior to the commencement of the paving operation and shall be maintained at each paving location until operations are complete.
  - G. All salvaged material and devices, i.e. TCP signs, etc., shall become the property of the Contractor.
  - H. Weeds, shrubbery, construction equipment or material, spoil, etc., shall not be allowed to obscure any traffic control device.
  - I. Upon removal of signs, Contractor is to restore all disturbed areas, sod or pavement, to its original condition.
  - J. All personnel on the project site shall comply with Federal OSHA regulations. At a minimum, all personnel shall wear reflective safety vests within the work zone.
  - K. All lane closures and times shall be submitted by the Contractor in their Traffic Control Plan for approval by the Engineer.
- .05 MEASUREMENT AND PAYMENT:** Maintenance of traffic will not be measured for payment, but will be paid as a Lump Sum item distributed proportionately to each month's pay request. Any discrepancies from the contract plans and/or the MUTCD will be documented and provided to the Contractor for resolution. Any discrepancies not resolved by the Contractor may constitute a corresponding reduction of payment. Payment will be full compensation for all labor and materials necessary to maintain traffic including but not limited to flagmen, signs, temporary pavement markings, lights, water, barricades, and furnishing, placing, replacing, repairing, restoring, and moving traffic control devices necessary for the fulfillment of the contract requirements and implementation of the approved TCP.

**Item No. 627.1 –24" WHITE THERMOPLASTIC STOP BAR**

- .01 DESCRIPTION:** This work shall consist of furnishing and installing 24" White Thermoplastic Stop Bars at locations and to the limits as marked in the field, listed herein and/or as directed by the Engineer. This work shall include all materials, equipment, labor and incidentals necessary to complete the work.
- .02 MATERIALS:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 627.2 in its entirety.

- .03 EQUIPMENT:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 627.3 in its entirety.
- .04 CONSTRUCTION:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 627.4 in its entirety.
- .05 MEASUREMENT AND PAYMENT:** 24" White Thermoplastic Stop Bars will be measured and paid for at the Contract unit price bid per lineal foot. The payment will be full compensation for all material, labor, equipment, tools, and incidentals necessary to complete the work.

**Item No. 627.3 – 4" YELLOW SOLID LINE, THERMOPLASTIC PAVEMENT MARKING**

- .01 DESCRIPTION:** This work shall consist of furnishing and installing 4 inch wide yellow thermoplastic lines to be used for pavement markings. This item shall be used at locations and to the limits as marked in the field, listed herein, and/or as directed by the Engineer. This work shall include all materials, equipment, labor and incidentals necessary to complete the work.
- .02 MATERIALS:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 627.2 in its entirety.
- .03 EQUIPMENT:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 627.3 in its entirety.
- .04 CONSTRUCTION:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 627.4 in its entirety.
- .05 MEASUREMENT AND PAYMENT:** Lines will be measured and paid for at the Contract unit price bid per lineal foot. The payment will be full compensation for all material, labor, equipment, tools, and incidentals necessary to complete the work.

**Item No. 630 –RAISED PAVEMENT MARKERS**

- .01 DESCRIPTION:** This work shall consist of the removal of existing raised pavement markers (RPMs) and installing new raised pavement markers at approximately 80-feet along the centerline of the final pavement surface. In curves, RPMs will be placed at 40-feet on center.
- .02 MATERIALS:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 630.2 in its entirety.
- .03 EQUIPMENT:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 630.3 in its entirety.
- .04 CONSTRUCTION:** Refer to the SCDOT 2007 Standard Specifications for Highway Construction Section 630.4 in its entirety and the following:
  - A. The Contractor shall remove existing RPMs prior to the installation of new RPMs.
- .05 MEASUREMENT AND PAYMENT:** Raised Pavement Markers will be measured and paid for at the Contract unit price bid per each. The payment will be full compensation for all material, labor, equipment, tools, and incidentals necessary to complete the work. Payment for removal of existing RPMs will be considered incidental to the cost of this item.

**Item No. 810 – PERMANENT VEGETATION**

- .01 DESCRIPTION:** Refer to the SCDOT Supplemental Technical Specification SC-M-810 in its entirety.
- .02 MATERIALS:** Refer to the SCDOT Supplemental Technical Specification SC-M-810 in its entirety.
- .03 EQUIPMENT:** Refer to the SCDOT Supplemental Technical Specification SC-M-810 in its entirety.
- .04 CONSTRUCTION:** Refer to the SCDOT Supplemental Technical Specification SC-M-810 in its entirety.
- .05 MEASUREMENT AND PAYMENT:** Permanent Cover shall be paid at the contract unit price per acre. Refer to the SCDOT Supplemental Technical Specification SC-M-810 in its entirety.

**Item No. 815 – EROSION CONTROL MAINTENANCE**

- .01 DESCRIPTION:** The work shall consist of the installation, replacement and/or repair of any and all erosion control best management practices that the contractor deems necessary to prevent any and all sedimentation from leaving the site throughout the duration of the project. This project will be subject to the inspection requirements of the Lexington County NPDES permit.
- .02 MATERIALS:** None specified.
- .03 EQUIPMENT:** None specified.
- .04 CONSTRUCTION:** Properly maintain all erosion control items.
- .05 MEASUREMENT AND PAYMENT:** Erosion Control Maintenance will not be measured for payment, but will be paid as a Lump Sum item distributed evenly throughout the project. The percentage of this item paid will be determined by the percent completion of the project. Failure to maintain BMPs or comply with the NPDES permit may result in reduced payment.
